Registering for the CST® and CSFA® Examination is Easy.

THE NATIONAL BOARD OF SURGICAL TECHNOLOGY AND SURGICAL ASSISTING

You have worked hard to build the knowledge and skills you will need in the operating room. Now it is time to take the next step: earning your Certified Surgical Technologist® credential from the NBSTSA®.

How to Register:

1. **Create your account in LearningBuilder on NBSTSA.org.**

2. **Have your program director submit a packet to NBSTSA® that includes student information (student names, eligibility for student discounts, and other required details) to request a testing date and submit funding information.**

3. **NBSTSA® staff will then review and process the request.**

4. **Once your testing date is approved, your Program Director will receive:**
   a. An email confirming the testing date has been approved.
   b. An email notifying them that student applications may be submitted.

5. **After student applications are processed, notifications will be sent to both you and your Program Director confirming that the examination has been scheduled for the date established by the school.**

6. **If any scheduling changes are needed, please contact your Program Director.**

CST® Professionals

CSFA® Professionals

Your credentials will be valid for two years. You can renew your credentials for another two years by following the instructions at nbstsa.org/cst-csfa-renewals-recertification and paying the low renewal fee of $40 for CST® and $45 for CSFA® renewals!
