The Ultimate Way to Prepare for Your CST® Exam

THE NATIONAL BOARD OF SURGICAL TECHNOLOGY AND SURGICAL ASSISTING

The NBSTSA® Exam Prep Hub pairs a realistic exam simulation with individualized feedback that shows you what you got wrong, why, and where to focus next.

Evaluate your preparedness. The 150-question practice exam is designed to be completed in one three-hour sitting, helping you experience the pace and focus of test day while getting an honest assessment of your readiness.

Gain a deeper understanding. Individualized feedback is drawn exclusively from an NBSTSA®-approved knowledge base.

Ask the follow-up question. Interact with the content to clarify concepts, ask why an answer is correct or incorrect, and identify relevant reference materials.

Prepare smarter, not longer. Your individualized diagnostic report pinpoints strengths and knowledge gaps by content category.

Keep learning after sitting for the full test simulation. You will have 60 days from the date of purchase to complete the practice exam, so use the remainder of the period to revisit the same 150 questions, review explanations and more!

This isn’t just another practice test. It’s a personalized path from preparation to certification.
